

Spaceport Sheboygan

Air Rocket Blast Off 2011

Who: 4th and 5th Grade students (Future Engineers, Scientists, or Astronauts)

When: Saturday October 15th, 2011

Where: Spaceport Sheboygan, 516 Broughton Dr.

Cost: \$10 before Oct. 1 \$12 October 2 - 15

Details: Build your own Air Bottle Rocket. Using everyday materials we will build rockets that will blast off using air pressure. There will be two goals for the rockets. One Challenge will be for distance and the other for accuracy.

Bring your own lunch.

Parents are encouraged to stay to help and watch the fun.
